AMERICAN PORCELAIN and AGATE
ASTONE WARES.—To MERCHANTS and TRADERS
in the UNITED STATES.—The undersigned offer to merchants and dealers throughout the United States, advantages
of trade seldom presented. The capacity of this country to
compete successfully with Europe, in the manufacture of
Porcelain, is no longer a problem. Messas, C. CARTLIDGE & Co. have established at Green Point, Long Island,
the manufacture of Porcelain Wares, far excelling in boauty
and strength anything Europe has produced, and they are
already making a greater variety of such wares than has yet
been brought to this country. Among them are all kinds of
Door and House Trianmings, Table Wares, Door Plates, and
Numbers for houses and steamboats, Candicaticks, Shutter and Bureau Knobs: Sign Letters, all sizes, cheaper
and more beautiful than any others, and unaffected
by time or exposure; Pitchers and Ornamental Wares
of all kinds, and they are sold at prices much less
than the imported article. Porcelain has never before
been made in this country, and this is the product
of a new combination of materials, known only to the
manufacturers, the supply of which is inextanatible. These
wares took the first premium—a gold media—at the two last
New-York State Feirs and American Institute. New-York,
The Agate is a menufactured stone, taking the place of

polish, and resisting the action of acids or the scratch of
steri.

The undersigned are the sole Agents for the sale of these wares and in order to render the business more remunstrative to those engaged in it, have adopted the plan of restricting the sale to one Agent in a place. They exact no bonus, but require satisfactory assurance of the responsibility and business character of those to whom the agency is

given.

They have opened at No. 19 Park-place, up stairs, an office estraining samples of the wards sold by them, and they invite the calls of all who would see apecimens of American skill, and secure to themselves, exclusively, a lucrative and permanent business.
